**Subject:** Resources and Support for Employees Affected by Tornadoes

Dear EOHHS Colleagues:

The tornado activity in Massachusetts yesterday resulted in significant destruction and several known fatalities in Hampden, Hampshire, Franklin and Worcester Counties. Our thoughts and prayers are with all who have been affected by this terrible event. I would like to make sure that our employees are aware of the resources and supports that are in place for them. At this time, the following phone numbers are in service for those impacted by yesterday's tornadoes.

- For **Evacuation and Shelter** information: Dial 211 (a service of the United Way) for information in English and Spanish.
- For **Emergencies**: Dial 911

The “**211**” number will provide any additional relevant information as it becomes available.

In addition, I would like to remind you that all EOHHS employees and their household members have access to a 24/7 support through the EOHHS Employee Assistance Program (EAP).

- **EOHHS Employee Assistance Program – 24/7 support**

Dial 1-877-237-0572  
TTY 1-866-228-2809

Although non-essential employees in those counties affected by the tornadoes have been instructed not to report to workplaces today, I ask that you forward this information to them to the extent that you are able.

Please take care of yourselves and your families.
